Whilst searching for a [used car supermarket Norfolk](#) I came across Stebbings Car Superstore of Kings Lynn. They had over 400 cars on offer on their 4.5 acre site. All their cars are handpicked and warranted. Most come with the remainder of the manufacturers 3 year warranty, the rest come with their own unique 5 star warranty for comprehensive peace of mind protection cover for your new car which is included in the deal at no extra charge. You can buy with confidence from Stebbings who are a family firm established over 36 years ago with an outstanding reputation.
